Overview of

BIOART 5th Progress meeting and
BIOART 3rd Workshop on
Regulatory Issues of BAL liver and iPS derived hepatocyte products

09-12 February 2015 – Leipzig, Germany

Organised by: University of Leipzig – Department of Cell Technologies and applied Stem Cell Biology
BIOART’s Fellows presenting their work in progress and findings
Brief lull between presentations

BIOART’s coordinator resorting to southern hand gestures to get his point across (it worked)

Team members

BIOART’s super secretary busy drafting minutes
Part of the BIOART team in winter coats and ready to eat out
Dinner together and toast to the BIOART project...

Last but not least: **Warm thanks** to Doris Stefanova, Shibashish Giri and Augustinus Bader, the meeting organisers!
